JD Jojoba Silk-Like Powder

A unique mix of JD Jojoba Oil and Tapioca starch, creating a smooth and silky powder that can be used for multiple purposes. It is non-GMO and aluminum-free powder, which provides a velvety, soft sensation and enhanced compatibility with oils, water, emulsifiers & surfactants.

HIGHLIGHTS

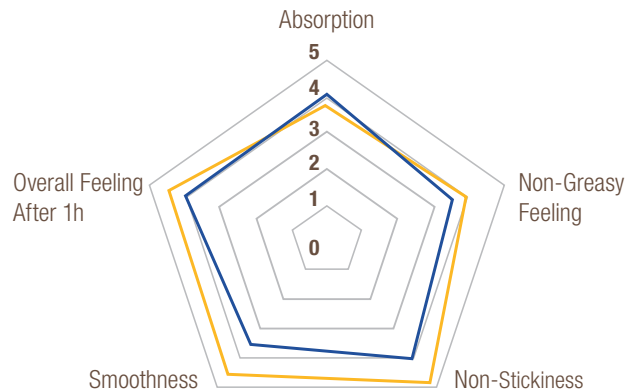

A unique physical combination between Tapioca starch and JD Jojoba Oil for a non-GMO, aluminum-free, and hydrophobic powder that leaves the skin feeling velvety and soft. Can be used to enhance compatibility with oils, colors, emulsifiers and surfactants, as a talcum replacement, or to improve water swelling and thickening.

Recommended dose: 5 to 100 %

Packaging: 5kg (standard), 10kg; 25kg (optional)

Applications: Skin care, anhydrous care, lip care, hair care, cleansing treatments, sun care, emulsions, sticks, coloring cosmetics, pressed powders & baby products.

Sensory analysis

— JD Silk-Like Powder Based Cream

— Talc Based Cream

Sensory analysis of protective cream with 10% of the powder.

Tested on 20 Volunteers.

Formulas
